DA AGO FORM 1383

ORGANIZED | ERVE CORPS SEMIANNUAL STATEMENT OF RETIREMENT POINTS

BETWEEN THE BEGINNING OF YOUR CURRENT RETIREMENT YEAR ON 7 May 1950 AND THE LAST DAY OF 7 Nov 1950 YOU HAVE BEEN CREDITED WITH 9 RETIREMENT POINTS FOR ATTENDANCE OF DRILLS OR OTHER DIRECTED DUTIES CREDITABLE FOR RETIREMENT BENEFITS AND WITH 34 RETIREMENT POINTS FOR ACTIVE DUTY.

¹ This does not include points for membership in the Active Reserve or for satisfactory completion of Army Extension Course lessons.

By continued membership in the Active Reserve to the expiration of your retirement year, 12 months after the first date shown above, you will have earned 15 points for membership except that a deduction is made of 0.0411 points for each day of active duty. This is required under the law which prescribes that membership credit is given for each year of Federal Service OTHER THAN ACTIVE FEDERAL SERVICE. A minimum of 50 points must be earned by the expiration of your retirement year in order to be credited with a SATISFACTORY YEAR OF FEDERAL SERVICE FOR RETIREMENT. Requirements for RETENTION in the ACTIVE RESERVE are 27 points for officers and 20 points for enlisted reservists, including the 15 points credited for membership.

From this information you can plan your program to meet the requirements for a satisfactory year toward retirement and for retention in the Active Reserve.

If you believe you have earned points which have not been credited, you should notify this office (see return address on reverse side) without delay to effect any adjustment which may be warranted in your record.

VETERANS' RIGHTS AND BENEFITS (Attachment to DD Form 214)

The DD Form 214 to which this supplement is attached is used by the individual in making claim for rights and benefits provided by Federal and State veterans' legislation. It is, therefore, an important document which should be carefully

protected. The principal benefits to which the individual may be entitled and the appropriate administering agencies are indicated below:

EMPLOYMENT AND REEMPLOYMENT

EMPLOYMENT

Job counseling and employment service. Provided through local offices of State Employment Services in cooperation with UNITED STATES EMPLOYMENT SERVICE.

CIVIL SERVICE PREFERENCE—FEDERAL AND STATE

In Federal Service: Experience credits for active service, additional points to ratings earned in exams, and precedence in appointment, registers, etc. Wives and mothers of service-connected disabled veterans also eligible under some circumstances. Honorable separation required. State service benefit varies. (For Federal preference see

local office, U. S. CIVIL SERVICE COMMISSION, U. S. POST OFFICE or other GOVERNMENT AGENCY. For State preference see the STATE CIVIL SERVICE COMMISSION or STATE GOVERNMENT AGENCY.)

REEMPLOYMENT RIGHTS

Reinstatement in old job or job of like seniority, status, and pay. Must have left permanent job with private employer or the U. S. Government and have had satisfactory military or naval service. Ability of employer to reemploy, nature and date of entrance into

active duty, date of separation, etc., are factors in determining eligibility and extent of benefit. DEADLINE: Claim for reinstatement must be made to employer within 90 days after separation. (See local STATE EMPLOYMENT office.)

UNEMPLOYMENT COMPENSATION

Payments of \$26 per week of unemployment (not to exceed 26 weeks) occurring subsequent to discharge. Not payable for any week of unemployment covered by mustering-out pay (for 30, 60, or 90 days after separation depending upon whether the veteran receives MOP of \$100, \$200, or \$300). Separation under conditions other than

dishonorable. Determination of entitlement made by State agency in accordance with applicable State laws. DEADLINE: No compensation payable for any week of unemployment commencing more than 5 years after date to be subsequently set as end of the Korean Conflict period. (See local STATE EMPLOYMENT SERVICE office.)

EDUCATION AND TRAINING

VETERANS' READJUSTMENT ASSISTANCE ACT OF 1952 (For veterans of the Korean service period)

Monthly allowances paid directly to veteran to help meet cost of education or training. Such payments may be applied to 1½ days education or training for each day of active service during period commencing 27 June 1950 and a date yet to be determined by Congress. At least 90 days active service, part of which was within the foregoing dates or if less service, separation for service-connected disability. Maximum compensable period 36 months. Separation must be under conditions other than dishonorable. DEADLINE on

commencing education: 20 August 1954 or within 2 years after separation from active service, whichever is later. Must be completed 7 years following separation or 7 years after the end of the Korean period, whichever is earlier. Return to active duty establishes date of separation for deadline purposes as date of service from last period of active service commenced during Korean period. (See VETERANS ADMINISTRATION local office.)

SERVICEMEN'S READJUSTMENT ASSISTANCE ACT OF 1944 (G. I. Bill for veterans of World War II)

Training expenses paid, within limitations, for 1 year plus a period of time equal to the veteran's WW II service up to maximum of 4 years. Separation from WW II service for service-connected disability or service of at least 90 days, some part of which was during WW II. Separation must be under conditions other than dishonor-

able. DEADLINE on commencing education: 4 years from date of separation. DEADLINE for resuming "interrupted" education: within a "reasonable" time following separation. Generally no education furnished after 25 July 1956. (See VETERANS ADMINISTRATION local office.)

DUAL STATUS VETERANS

Veterans eligible for the benefits of both educational programs may choose or combine the benefits of either bill but under no circumstances may the amount of educational benefits exceed 48 months.

Veteran faced with dual eligibility should consult VA officials before making final determination.

INSURANCE

(A) Permanent plan premium must continue to be paid when due, or within 31 days thereafter, or insurance will lapse. (B) Term insurance not under waiver same as (A) above. (C) Term insurance under waiver—premium payment must be resumed within 120 days after separation. Free indemnity coverage provided during active service expires 120 days after separation. In order to be eligible for new postservice insurance required action must be taken within the 120-day period. Forward premiums on NSLI and applications

and premiums on new postservice insurance to Veterans Administration District Office having jurisdiction over the area in which you reside. (See VA Pampblet 9-3, Rev. May 1952.) In rare cases and for a limited time direct loan or farm house loans may be secured from V. A. in areas where private capital is unavailable. Entitlement based on service since 27 June 1950 cancels any unused benefit based

on WW II service. Entitlement is also reduced by the amount of WW II benefits used. DEADLINE: Guaranty available within 10 years following end of Korean period as later determined. (See VETERANS ADMINISTRATION local office.)

Dear Mr. Shorr:

The Secretary of the Army and Chief of Staff, United States Army, have asked that I inform you that you have been selected for appointment in the Regular Army in the grade of second lieutenant from the list of Distinguished Military Students of the Senior Division, Reserve Officers' Training Corps.

Inasmuch as the minimum age for appointment in the Regular Army is twenty-one years, your appointment will be tendered at such time as you attain your twenty-first birthday, providing you are physically qualified at that time. In this connection it is imperative that you notify The Adjutant General, Washington 25, D. In order that you may begin your career in the Army without delay, you are urged to submit a request for call to extended active duty upon receiving your Officers' Reserve Corps appointment. For this purpose the inclosed forms should be completed and forwarded to The Adjutant General, Washington 25, D. Dear Lieutenant Shorr:

Your recent letter to Infantry Career Management has been referred to me for response as your two queries were of a nature handled by this office.

First of all your Regular Army commission has not been forgotten by any means. However, there is a certain administrative procedure which is necessary before you will be able to take the oath of office. When you became 21 years of age your case was sent forward to Congress and the President of the United States for signature. The Congress has signed your commission papers and at the present time it is in the President's office. It is expected that he will sign your commission sometime this week. Thereafter Sixth Army will be notified that you are eligible for Regular Army commission and you will be sworn in. As you probably know from the regulation your date of rank as a Regular Army Second Lieutenant will date from your 21st birthday. If you have not heard from this commission within a month please drop me a line and I will do my outmost to trace it down for you.

We strongly appreciate your desire for assignment to an airborne division, however, at the present time our airborne divisions are up to strength. Our present priority of assignment to the airborne divisions is first Korean returnees, secondly officers airborne qualified prior to the Korean incident, and lastly newly commissioned officers.

It would not be advisable for us to assign you to an airborne division at the present time as when we assign an officer to one of these divisions he must be retained in the unit for at least one year before he is reassigned.

AMG-INT 201 Shorr, Paul S. 0 2 211 7 10 (17 Nov 51)

26 November 1951

In your case it is highly probable that you will be sent overseas sometime next spring. We regret that we cannot honor your preference bu present circumstances are such that newly commissioned officers are needed in the overseas theaters.

Sincerely yours,

CHARLES V. RYDER, JR Lt Colonel, Infantry Infantry Branch, CMD

GENERAL ORDERS NUMBER, 408 31 October 1952

Section I

A ARD OF THE BROWZE STAR LEDAL--By direction of the President, under the provisions of Executive Order 9419, 4 February 1944 (sec II, MD Bul 3, 1944), and pursuant to authority in AR 500-45, the Bronze Star Redal with Letter "V" dayice for heroic achievement in connection with military operations against an enemy of the United States is awarded to the following-nemed officers and salisted ment

FIRST LEGUTERANT JOSEPH B BENEDETTI, 02004130, Artillery, United States Army, a member of Battery "C", 38th Field Artiller Battalion, 2d Infantry Division distinguished himself by heroic achievement on 18 September 1952 in the vicinity of Choruon, North Korea. On that date, Lieutenant BENEDETTI was it charge of a forward observer party attached to Company I, 38th Infantry Regiment. This unit had the assigned mission of holding Hill 265, "OLD BALDY", which, at the time, was under heavy enemy attack. During the ensuing conflict the Commanding Officer of Company """, was nortally wounded. With complete disregard for parsonal safety, Licutemant BENEDITTI traversed a distance of approximately 100 yards in the face of heave enemy fire to where the wounded officer was lying and proceeded to evacuate him. Realizing the unit would rapidly become disorganized without a leader, he immediately assumed command, organized the remaining members of the company and formulated a plan of defense. Realizing the need for defensive artillery fire, he once again risked his life to ascend the hill to his observation post and summoned artillery support. His courageous deeds and quick-thinking actions were instrumental in the successful accomplishment of the unit's mission, and reduced casualties to a minimum. Lieutenant BEMEDETTI's courageous actions and devotion to duty reflect great credit upon himself and the military scrvice. | Entered the Federal service from Virginia.

FIRST LITUTENANT (CHAPIAIN) JAMES N JOINSTON, 0997567, Chaplains Corps, United States Army, a member of Readquarters, 9th Infantry Regiment, 2d Infantry Division, distinguished himself by heroic achievement on 13 August 1952 in the vicinity of Cherwen, North Korea. On that date, Chaplain JOHNSTON assisted greatly in the organization of a scarch party to locate friendly wounded troops who, during their return from an assault on the enemy, had lost their way. He carried badly needed medical supplies, and with complete disregard for personal safety, exposed himself to intense chemy small arms fire to reach the wounded mem. He helped to organize the evaluation of the wounded from the area, and often personally helped to remove the more seriously injured to positions of melative safety. This, along with the spiritual uplift he provided for the men, sided greatly in the success of the mission. The heroism in action displayed by Chaplain JOHNSTON reflects great credit upon himself and the military service. Intered the Federal service from Mest Virginia.

FIRST LITUTEMANT PAUL S SHORR, 065779, Infantry, United States Army, a member of Company "I", 38th Infantry Regiment, 2d Infantry Division, distinguished himself by outstanding heroism on 5 October 1952 in the vicinity of Chorwon, North Korca. On that date Lieutenant SHORR was in command of an outpost manned by approximately 50 men. At about 0830 hours, the small band was subjected to an intense barrage of enemy morter and artillery fire. Soon after the barrage began, a bunker near Lieutenant SHORR received a direct hit and he heard a wounded man inside calling for help. With complete disregard for personal safety, he dashed through the devastating enemy barrage and removed the wounded man to a place of comparative safety. Reglizing the hostile fire was an obvious preparation for an enemy attack and with the increasing number of casualties, some of his men commenced to be confused and demoralized. Sensing the seriousness of the situation, Lieutenant SHORR moved from man to man calming them and moving them to vantage points from where they could repel an attack. Through his efforts they succeeded

in holding their position and the lives of many comrades were saved. The outstanding courage displayed by Lieutenant SHORR reflects great credit upon hi melf and the military service. Intered the Federal service from California.

SECOND LIEUTENANT JEROME MEDOFF, 02200242, Artillery, United States Army, a member of Bettery "C", 15th Field Artillery Battalion, 2d Infantry Division, distinguished himself by heroic achievement on 21 July 1952 near Chorwon, North Korea. On the date Lieutement LEDOFF, was serving as Forward Observer attached to Company "K", 23d Infantry Regiment, which was assigned the mission of capturing and holding Hill 265, more commonly known as "OLD BALDY". During the attack and while under heavy enemy artillery and mortar fire, Licutement NTDOFF directed effective close artillery support in order to minimize the enemy small arms fire. Although wounded by morter fregments during that action, be continued to adjust the artillery fire until his radio was destroyed. Moving about the fire swept terrain, he used any means of communication he found available and continued to provide the Infantry with accurate artillery support throughout the day. The heroism and devotion to duty displayed by bicutenant MEDOFF reflect great credit upon himself and the military service. Entered the Federal service from New York.

STRGEANT FIRST CLASS ROBERT J THOMASON, RA12298696, Infantry, United States Army, a member of Company "D", 38th Infantry Regiment, 26 Infantry Division, distinguished himself by heroic achievement on 7 September 1952 in the vicinity of Kyonjo, North Korea. On that date, Sergeant THOLFSON was leading a volunteer patrol of six men in a night recommanded of a series of hills, believed to be in enemy hands. Upon reaching the west best of the third hill, the lead secut opened fire upon a concelled anomy archine gun position. Sergeant THOMPSON, with complete disregard for personal sefety, led his men in the destruction of the enemy emploement, personally killing five of the enemy by his accurate use of grenades. They were then engaged by a platoon-sized group of enemy that directed an overwhelming curtain of smell arms and automatic weapons fire upon them, forcing a withdrawal. Ordering his men to disengage, Sergeant THO ISON remained in his exposed position, returning the enemy fire until his commades had organized an ambush which succeeded in killing at least six more of the foe. The skillful leadership and inspiring courage displayed by Sergeant TOMESON contributed greatly to the patrol's success and inflicted many casualties upon the enemy without loss to his own group. The heroic actions displayed by Sergeant THO PSON reflect great credit upon himself and the military service. Intered the Federal service from New York. Federal service from New York. # 17 4 A 15

ATARD OF THE BROWZE STAR REDAL--By direction of the President, under the provisions of Executive Order 9419, 4 February 1944 (sec II, MD Bul 3, 1944), and pursuant to authority in AR 500-45, the Bronze Star Medal with Letter "V" device for heroic achievement in connection with military operations against an enemy of the United States is awarded to the followingnessed officers and enlisted men:

FIRST LIEUTEMANT JOSEPH B BENEDETTI, 02004130, Artillery, United States Army, a member of Battery "C", 38th Field Artiller Battalion, 2d Infantry Division distinguished himself by heroic achievement on 18 September 1952 in the vicinity of Chornon, North Kores. On that date, Lieutenant BENEDITTI was in charge of a forward observer party attached to Company II, 38th Infantry Regiment. This unit had the assigned mission of holding Hill 265, "OLD BALDY", which, at the time, was under heavy enemy attach. During the ensuing conflict the Commanding Officer of Company "K", was mortally wounded. With complete disregard for parsonal safety, Licutarant BENEDITTI traversed a distance of approximately 100 yards in the face of heave enemy fire to where the wounded officer was lying and proceeded to evacuate him. Realizing the unit would rapidly become disorganized without a leader, he immediately assumed command, organized the remaining members of the company and formulated a plan of defense. Realizing the need for defensive artillery fire, he once again risked his life to ascend the hill to his observation post and summoned artillery support. His courageous deeds and quick-thinking actions were instrumental in the successful accomplishment of the unit's mission, and reduced casualties to a minimum. Lieutenant BENEDETTI's courageous actions and devotion to duty reflect great credit upon himself, and the military scrvice. Entered the Federal service from Virginia.

FIRST LIMITENANT (CHAPLAIN) JAMES N JORNSTON, 0997587, Chapleins Corps, United States Army, a member of Headquarters, 9th Infantry Regiment, 2d Infantry Division, distinguished bimself by heroic achievement on 13 August 1952 in the vicinity of Chorwon, North Korea. On that date, Chaplain JOHNSTON assisted greatly in the organization of a search party to locate friendly wounded troops who, during their return from an assoult on the enemy, had lost their way. He carried badly needed medical supplies, and with complete disregard for personal safety, exposed bimself to intense enemy small arms fire to reach the wounded men. He helped to organize the evolution of the wounded from the area, and of the personally helped to remove the more seriously injured to positions of melative safety. This, along with the spiritual uplift be provided for the men, aided greatly in the success of the mission. The heroism in action displayed by Chaplein JOHNSTON reflects great credit upon himself and the military service. Entered the Federal service from Nest Virginia.

FIRST LITUTEMANT PAUL'S SHORR, 055779, Infantry, United States Army, a member of Company "I", 38th Infantry Regiment, 2d Infantry Division, distinguished himself by outstanding beroism on 5 October 1952 in the vicinity of Chorwon, North Korca. On that date bisutement SHORR was in command of an outpost manned by approximately 50 men. At about 0830 hours, the small band was subjected to an intense barrage of enemy morter and artillery fire. Soon after the barrage began, a bunker near Lieutemant SHORR received a direct hit and he heard a wounded man inside calling for help. With complete disregard for personal safety, he dashed through the devastating enemy barrage and removed the wounded man to a place of comparative safety. Realizing the hostile fire was an obvious preparation for an enemy attack and with the increasing number of casualties, some of his men commenced to be confused and demoralized. Sensing the seriousness of the situation, Lieutemant SHORR moved from man to man calming them and moving them to vantage points from where they could repel an attack. Through his efforts they succeeded
