

# 3 SIMPLE STEPS

If you are a small employer (business or tax-exempt) that provides health insurance coverage to your employees, determine if you may qualify for the **Small Business Health Care Tax Credit** by following these three simple steps:

**1 Determine the total number of your employees (not counting owners or family members):**

Full-time employees: \_\_\_\_\_  
(enter the number of employees who work at least 40 hours per week)

+

Full-time equivalent of part-time employees: \_\_\_\_\_  
(Calculate the number of full-time equivalents by dividing the total annual hours of part-time employees by 2080.)

=  total employees

If the total number of employees is fewer than 25 **GO TO STEP 2**

**2 Calculate the average annual wages of employees (not counting owners or family members):**

Take the total annual wages paid to employees: \_\_\_\_\_

÷

Divide it by the number of employees from STEP 1: \_\_\_\_\_  
(total wages ÷ number of employees)

=  average wages

If the result is less than \$50,000, **AND**

**3 You pay at least half of the insurance premiums for your employees at the single (employee-only) coverage rate, then**

**» you may be able to claim the Small Business Health Care Tax Credit. Find out more information at IRS.gov**
