

Scheduled Direct Debit Program

Now you can pay your monthly premiums automatically with Scheduled Direct Debit. Automatic payment saves you time and gives you peace of mind, since your premium will be paid automatically every month by a withdrawal from your checking account, without you having to mail a check.

How do preauthorized payments work?

When you complete and submit the authorization form, this allows the payments you have authorized to be withdrawn from your designated checking account. The funds are sent electronically to us.

When must the money be in my account?

Your bank account must have the full dollar amount due in available funds on the date of the draft so the current month's preauthorized payment can be made. Your scheduled direct debit will be drafted on or about the 10th of the month. If your account has insufficient or uncollected funds, your bank will return the preauthorized payment and may charge you just as if you had a check returned for the same reason.

With Scheduled Direct Debit you'll take advantage of a variety of benefits.

- No more checks to write
- Easier reconciliation of your bank account
- Timely payments ensure continuous coverage, which means you'll never have to worry about missing an invoice or deadline again. Everything's taken care of – automatically.

Group authorizes UnitedHealthcare to debit the group checking (account number provided below) for all monthly charges for coverage.

The draft due date will be the 10th of the month for which the invoice applies. If necessary funds are not in your account on the draft due date, group coverage may be subject to termination proceedings consistent with the terms stated in your UnitedHealthcare contract.

Group agrees to promptly notify UnitedHealthcare of any change to the information provided.
