Welcome to ProviderSearch!

First, select a location: Search by county
SAN DIEGO COUNTY, CA

Want to select multiple counties? Start by selecting one county. You'll then be given the option to select nearby counties as well.
Select nearby counties

Second, add a filter: (optional)

- Filter by **Provider Name** or **Provider ID** or **License Number (Prefix + 6 Digits)**
Provider name (at least two letters), Provider ID
- Filter by type of **Plan/Network**
HMO - CommunityCare Individual & Famil...
- No filter (show all results)

CONTINUE

Provider information appearing in ProviderSearch represents data in Health Net systems as of 8/18/2020. Health Net builds and maintains the provider networks based on the network adequacy regulations as outlined by state and federal regulators. While every effort has been made to ensure accuracy, from time to time the status or contact information of a physician/provider may change, meaning that a new physician/provider may be added or a current physician/provider may either leave our network or decline to accept new patients. We suggest that you call the Health Net customer service number on the back of your member ID card to verify that the physician/provider is still in the plan.

Covered persons can contact the Customer Contact Center at the telephone number on their ID card to obtain a copy of their Network Provider Directory, at no cost.

When here, select the Location to search by. Often, searching by County gives broad enough results.

Then, add a filter. You can search by Provider or by Plan. If not sure what doctor, select the filter by Plan.

HMO - CommunityCare Individual & Family (Platinum, Gold, Silver)

In order to access a specialist in Health Net's CommunityCare HMO network, members must receive a referral from their primary care physicians ("PCP").

Making an appointment with your provider? Please read: [Authorization Requirements](#) | [Access Standards](#) | [Full & Equal Access Rights](#)

Access Teladoc telehealth services by phone, mobile app or web for a \$0 copay* with most plans. Teladoc providers may be used when your physician's office is closed or you need quick access to health care services. Teladoc providers can treat many non-emergency common illnesses such as sinus problems, upper respiratory infection, bronchitis, and pink eye. [Access Teladoc Now.](#)

* Teladoc is an approved telemedicine vendor within certain benefit plans. Please review your coverage documents to determine the availability of Teladoc with your benefit plan. Deductible may apply.

Our doctor network includes primary care physicians and specialists. They work in general medicine, family medicine, internal medicine, pediatrics, and many other specialties. Health Net credentials the doctors in our network. This means they meet our standards. We also select doctors so that members have access to care within a reasonable driving distance. Health Net does not use special measures- like quality, member experience or costs- to choose doctors who go with our Silver-level plan network.
