Get the most from your health plan

Use your health savings account (HSA) to help cover costs

Using your Anthem plan's health savings account is a smart way to make your healthcare dollars work even harder.

Because you can contribute tax free, your money goes further. Use those funds to pay for care and other eligible expenses anytime you need it.*

The money you put in your account is always yours to keep, even if you switch health plans, change jobs, or retire. Any unused funds also roll over from year to year, and they never expire.

Use your HSA to pay for healthcare costs, such as:

- Ambulance and emergency services
- Coinsurance (your percentage of the costs)
- Deductible payments
- Hospital fees
- Lab tests

Invest your HSA funds to save even more

After your HSA balance reaches $1,000, you can invest anything over that amount. Your contributions will grow tax-free and can help you pay for future medical expenses.

How to use your HSA:

1

Add money to your HSA anytime.

In 2023 you can add up to $3,850 for individuals or $7,750 for families.

3

Use your mobile wallet or HSA debit card to pay for doctor visits, prescriptions, and other qualified medical expenses. You can also use the HSA online bill-pay tool to pay medical bills or reimburse yourself with the funds in your account. When a new claim comes in, you can log in to your account and pay the bill or reimburse yourself from your HSA.

2

Look out for your debit card in the mail. Your HSA debit card works the same as a regular debit card once you activate it.

If you have Apple Pay, Google Pay, or Samsung Pay on your smartphone, you can also pay touch-free when you add your HSA debit card to your mobile wallet. Simply follow your phone's instructions to add a new debit card. Then, use your phone to pay for qualified expenses where mobile payments are allowed.
