ASSET-CARE IV

OneAmerica Care Solutions

Recurring Premium Whole Life

ONEAMERICA®

OneAmerica® is the marketing name for the companies of OneAmerica

Commitments

Life is made of commitments, many of which are financial. Like the promise to protect and provide for our family. Adhering to these promises helps show how much we care.

But using retirement assets to pay for unexpected care needs can impact your overall financial strategy. Every dollar spent on care is one less dollar used to generate or supplement your income.

Our commitment to you

Asset-Care® can help you keep your commitment to your financial strategy. As part of the OneAmerica® Care Solutions product suite, it uses the security and guarantees provided by whole life insurance to help protect your retirement income stream if the need for care arises. Your premiums provide a guaranteed amount of life insurance which can be accessed, tax-free, to help pay for qualifying long-term care (LTC) services.

There are multiple options you can choose from to fund your protection: 10-pay or 20-pay ensures your policy is fully paid in 10 or 20 years. There is even an option to pay premiums for your lifetime. Regardless of the option you select, your level premiums are guaranteed to never increase!

Asset-Care offers guarantees that traditional LTC insurance simply cannot.

Guarantees like...

- Premiums never increase
- Benefits never decrease
- Assets grow at a guaranteed rate
- Death benefits are available if not used for LTC

How does Asset-Care work?

Asset-Care IV is whole life insurance that allows access to 100 percent of the life policy death benefit to help pay for qualifying LTC expenses. When a need for care arises, you have the option to accelerate your death benefit to help you pay for the care you need. You even have the option to continue benefits for a set period or your lifetime if your death benefit is exhausted.

Asset-Care IV can help younger people start to plan for their retirement earlier in life. The multi-pay option allows you to spread the funding of your protection across 10 to 20 years, or even your lifetime. You can be confident knowing that the financial commitments you've made won't be affected by a possible need for care.

Product highlights

- Provides a guaranteed amount of LTC benefits
- Pass death benefit income tax-free to beneficiaries if not used for LTC
- Minimum guaranteed interest rate ensures cash value growth
- The patented¹ joint protection option allows you to cover two lives under one policy
- Benefits for LTC are available to be paid as soon as 60 days after care begins

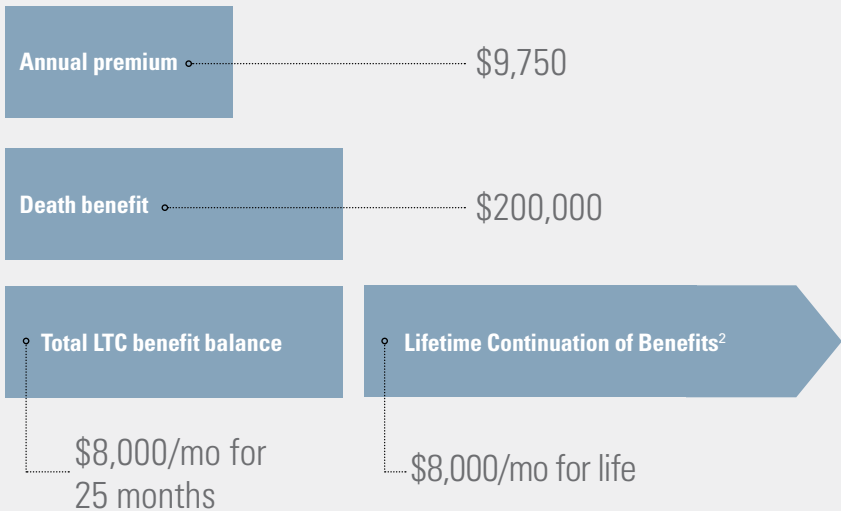

1. US Patent number 6,584,446

How recurring premium Asset-Care could work for you

Hypothetical example: Married couple, age 62 and 60, non-smokers, in good health

With an annual recurring premium of \$9,750 for their lifetimes, this couple is guaranteed \$200,000 as a death benefit for their life insurance policy, 100 percent of which can also be used for qualifying long-term care expenses on a monthly basis.

Each person could receive up to \$8,000 per month for life to help pay for qualifying LTC expenses. This monthly benefit is available to both insureds on the policy, even if care is needed at the same time. If neither utilize their LTC benefits, the entire death benefit would be payable to the beneficiary listed on their policy. While this couple chose the lifetime continuation in this example, other options are available.

Note: Benefit periods listed are shared if there are two insureds. The annual premium stated above includes both the life policy and the Continuation of Benefits rider.

2. Continuation of Benefits begins once the benefits of the base policy are exhausted.

Your steps to get the care to meet your needs

Asset-Care is medically underwritten so you must be in average or better health to qualify. Most applicants can qualify by participating in a brief telephone interview to determine eligibility and next steps. Ask your trusted financial professional for a personalized illustration and Outline of Coverage to see how Asset-Care might work for your specific situation.

Benefit triggers

Benefit payments are triggered in one of two ways:

You cannot perform at least two of six Activities of Daily Living (ADLs), which include bathing, maintaining continence, dressing yourself, eating/feeding yourself, toileting (including getting on and off a toilet) and transferring (like from a bed to a chair).

You require care as a result of a severe cognitive impairment (such as Alzheimer's disease).

Your death benefit can be accelerated to help pay for other benefits like:

- **Bed reservations** can "hold your spot" in a nursing or residential care facility if you require more specialized care in a hospital for a period of time.
- **Caregiver training** helps pay for training of an unpaid informal caregiver.
- **Supportive equipment** includes fees, labor and related costs for the purchase or rental of equipment like grab bars, home ramps and stair lifts.
- **Respite care** involves short term or temporary care to relieve a primary caregiver if they need to travel or simply need a break.

Payout options

After you've satisfied the waiting period, your policy can begin paying for qualifying long-term care expenses by accelerating your death benefit at the rate chosen at the time of purchase.

- 2% for 50 months
- 3% for 33 months
- 4% for 25 months

Asset-Care provides more than LTC protection

A lifetime benefit option at premiums guaranteed to never increase.

The ability to take policy loans.

Your assigned Claims Concierge Care Specialist can help you review your policy and support you throughout the claims process.

Looking to the future

Americans are living longer than ever with average life expectancy nearing 80 years in 2015.³ Asset-Care provides options to help extend and maximize your protection for as long as you need it.

Long-Term Care Continuation of Benefits Rider (COB)

Long-term care needs are unpredictable, so we offer a Long-Term Care Continuation of Benefits Rider to ensure you and your family remain covered after your base policy duration is met.

Some diagnoses can require many years of care. OneAmerica Care Solutions products offer protection for the extent of a lifelong condition like Alzheimer's or dementia, instead of for just a few years.

The COB protection option can be paid for with either a single premium, or continuous premiums for your lifetime. Premiums are guaranteed to never increase, even on a joint policy if the first insured dies. Availability may vary by state.

Let us prove our commitment to helping you craft a sound financial strategy. Experience for yourself what it means to be our customer.
