PROVIDENCE SAINT JOSEPH MEDICAL CENTER
BURBANK

1 ABOUT PROVIDENCE

2 MAKE THE RIGHT CHOICE

4 NAVIGATING OPEN
ENROLLMENT

6 PRIMARY CARE PHYSICIANS

20 URGENT CARE CENTERS

22 SPECIALTY PHYSICIANS

You have access to high quality care, any time, anywhere.

As the largest network of hospitals and physicians in Los Angeles County, Providence provides access to health care's brightest minds and biggest hearts.

We continue to open new doctors' offices in growing neighborhoods and introduce new specialists into the community. Plus, we make it convenient to stay healthy where you live and work with physician offices and clinics all across Los Angeles County. These offices complement our six hospitals in delivering health care that is personalized and allows you to have a lifetime of good health.

Our patient portal allows you to access x-rays, images and medical records from anywhere. And you can sign up to receive text updates about earlier appointments, physician on-time reminders and messages between office visits. You can even have prescriptions automatically refilled at your favorite drug store.

And we have made it easier to complete your pre-admission and appointment paperwork online. You can research health conditions through our digital health library or find out more about our doctors through extensive online provider profiles which include the geographic area served, availability, educational background and patient comments.

Most importantly, we are committed to providing excellent and compassionate care through knowing each of our patients and easing the way for everyone we serve. It is our vision for Health for a Better World.

Be sure to visit [ChooseProvidence.org](https://www.ChooseProvidence.org) to find a Providence physician that is a perfect fit for you.

Make the right choice today.

- 1 Call the Member Services number listed on your health insurance card.
- 2 Provide the name of the primary care physician within the network you have selected, and specify you want to join the medical group name listed below the primary care physician's name in this directory.
- 3 Confirm your selection with your health plan. Be sure to verify the medical group name matches the one listed in this directory when you receive your new health plan identification card.

Need additional help finding the right doctor for you?

Visit **ChooseProvidence.org** or call us at **(844) 992-1259**.

Virtual Health 360

VIRTUAL CARE, WHEN YOU NEED IT MOST.

Get expert care from the comfort of home.

Visiting with a medical provider does not have to mean leaving your home. Providence offers the care you need from the safety of your home or office through remote conferencing.

Connect with a provider today.

Our primary care and specialty providers are available through live video to provide a diagnosis, treatment plan and, if needed a prescription for our patients. Our providers are trained in telemedicine and dedicated to maintaining a strong continuity of care with each patient.

Receive great care using a smart phone, tablet or computer from the convenience of your home.

No office visits. No long drives. Just great care.

MISSION HILLS

Here's how to make a great choice for your health care.

1 CHOOSE A HEALTH PLAN

Selecting the right plan is essential. Price is important, but it should not be the only factor. You will want to consider the extent of plan coverage, as well as your medical needs and those of your family. Are regular prescriptions or doctor visits required? It is important to consider the potential cost of unpredictable events. As much as we do not like to think about it, medical emergencies occur and access to the hospitals you want vary from plan to plan. Most important of all, make sure your plan includes Providence's participating hospitals, medical groups and affiliated physicians.

2 CHOOSE A DOCTOR

Providence has more than 1,800 physicians available throughout Los Angeles County. Some doctors are part of a medical group, while others have independent practices that are closely affiliated with us. The affiliated and medical group physicians of Providence include:

- **Facey Medical Group**

www.facey.com

- **Providence Medical Associates/Axminster**

www.ProvidenceMedicalAssociates.org

- **Axminster Medical Group/Providence Care Network**

- **Saint John's Physician Partners**

www.sjpp.org

If it is not time to enroll in or switch your health plan, you can still select us! If you are in an HMO plan, there is no need to wait for the open enrollment period to select a new doctor. Members of an HMO plan are permitted to change their primary care physician (PCP) within their plan anytime throughout the year, with an effective start date of the following month. If you are part of a PPO, you can change primary care doctors at any time. It is important you have a primary care physician who you can connect with. If you do not have that kind of relationship with your doctor, now is a great time to consider a change. We accept most plans to make it easy for you. Just visit **ChooseProvidence.org** to see if your current doctor is in our network, or to find a new doctor. Selecting the right one can mean a healthy partnership for life.

3 CHOOSE A HOSPITAL

Some health plans require you to also choose a hospital. Make sure you select a Providence hospital:

- **Holy Cross Medical Center** (Mission Hills)
- **Little Company of Mary Medical Center** (Torrance)
- **Little Company of Mary Medical Center** (San Pedro)
- **Saint Joseph Medical Center** (Burbank)
- **Saint John's Health Center** (Santa Monica)
- **Providence Cedars-Sinai Tarzana Medical Center** (Tarzana)

The following represent Providence's network of medical groups and affiliated primary care physicians.

Providence owned and operated. PCP
co-payment will apply for HMO patients.

* Affiliated physician-owned and operated.
Urgent Care co-payment will apply.

How do you know where to go?

Choosing the appropriate level of care can get you back to health while saving you time and money. Do not take chances with any condition that may be more serious or life-threatening. Call 911 or go directly to the nearest Emergency Department.

WHEN TO USE URGENT CARE

The Urgent Care's medical team cares for conditions or needs that include:

- Sprains or simple fractures
- Ear infections
- Sinus infections and sore throats
- Colds and flu
- Non-life-threatening allergic reactions
- Mild asthma
- Fever without rash
- Animal bites
- Minor cuts and burns
- Digital X-rays

Choose the power of a comprehensive network.

Select a Providence doctor to access healthcare's brightest minds and biggest hearts.

Choosing your healthcare partner is one of the most important decisions you will ever make. You want access to award-winning hospitals and doctors who offer conveniences like same-day appointments, virtual visits and connecting between appointments. You want to be sure your network of doctors is highly trained and nationally recognized for specializing in a wide range of treatments and procedures. But most importantly, you want a doctor who understands you and your health journey. When you choose a Providence doctor you are choosing a compassionate partner, dedicated to being there for you when you need them most.
